March 2003

## From the President~

Dear Ladies:

I hope all of you have been bearing and grinning well with the cold temperatures and the Blizzard of 2003. The good news is that it's almost over. With the approach of March, that magical number of the 21<sup>st</sup> tells us that Spring has arrived. Well, let's just hope that the weather will cooperate: the temperature will warm, the snow melts and out pops the crocuses in full bloom. I, myself, have decided to get a jump-start and will be in sunny, warm St. Lucia from March 4<sup>th</sup> through March 16<sup>th</sup>. Although, I will not be at the March luncheon, my thoughts will be with all of you. In fact, I am hoping someone will tape our guest speaker, Shelly Cogguillo's presentation. Shelly is the founder of the Angel Fund at Yale New Haven Children's Hospital. The program sounds like it will be very informative and interesting so if someone could tape this presentation for me, I would greatly appreciate it.

With the approach of Spring, NEW's Spring Expo, "Ask the Experts" to be held on March 25<sup>th</sup> also approaches. I encourage all of you to invite your clients, associates and friends to this exciting, fabulous and informative Event. The more that attend, the more money we will have to give out at our Scholarship luncheon which will be in April this year. Besides meeting the Experts, at the event, there will be a full buffet dinner and wine and beer tasting. So bring your hubbies, boyfriends and significant others. (no cooking that night ladies) This is our last event for this year, so let's give it all that we have and make our Expo a HUGE success. I am counting on all of you and I know all of you can do it. Chris Gonillo and her committee have put in a lot of time into this event so that it would attract a large audience. Now, all of you need to do your part by attending and inviting.

The following members have already reserved their "room":

room, beer, wine and buffet dinner. Don't let your competition get the edge on you. RESERVE NOW BEFORE IT'S TOO LATE.

At the last Executive Board meeting, it was voted upon, to establish a special memorial scholarship fund as a tribute to our founder, Phyllis Holt, who recently passed away. This scholarship fund will be titled "The Phyllis Holt Memorial Scholarship" Fund. The amount of the award will be larger than the other scholarships given out, and the criteria for establishing the award, is being worked on by the Scholarship Committee. At present, we have made a request to a local Bank, to be the "lead" bank in this endeavor. We are hoping that other Banks and individuals will follow with donations. Hopefully, I will have more details on this matter next month.

In May we will be having another special guest speaker, Millie Grenough, coach and psychotherapist. Millie will sing her way thru helping us to stay sane in this crazy world with her ideas on "Self-care for Busy Women. So I hope all of you will not be too busy to attend this luncheon. I have heard Millie speak before, and I promise all of you that you don't want to miss this presentation. You owe it to yourselves.

I look forward to seeing you at the Spring Expo, and I will try my best to bring back with me from the Caribbean, warm sunshine and warm smiles. The warm smiles, I can definitely guarantee.

*Harriet*

## Spotlight on

### Joy Callahan Joy Callahan & Associates, LLC

Joy Callahan & Associates, LLC are specialists in Long-Term Care Insurance. Joy is totally independent in helping her clients find the most affordable and most effective long-term care coverage they can qualify for.

Long-term care is really a woman's issue. Because women generally outlive men by several years, they face a 50% greater likelihood than men of entering a nursing home after age 65. In fact, women accounted for approximately 58% of the population age 60 and older and 70% of the population age 85 and older.

Long-Term Care Insurance is a pool of money that is to be used for your care whether it is in a nursing home or your own home. With proper planning no woman will be a burden to her family or impoverish themselves in the funding of their own care. Joy represents all the major carriers in the industry, is well educated, empathetic and will pleasantly walk you through all your options.
